Working Experience

2025-2028 **PhD Student**, *I3S Laboratory*, Sophia-Antipolis, France
Research on the "Failure Handling in Multiparty Session Types", supervised by Prof. Cinzia Di Giusto.

2024-2025 **Intern**, *I3S Laboratory*, Sophia-Antipolis, France
Research on the "Implementability of Global Types", supervised by Prof. Cinzia Di Giusto.

2023-2024 **Teaching tutor**, *University of Bologna*, Italy
Assistant tutor of Bachelor in Computer Science's Operating System course.

Education

2023–2025 **Master in Computer Science**, *University of Bologna*, Italy
Curriculum in Software Techniques. Grade: 110/110 cum laude. Thesis title: "Realisability of Global Types: Decidability and Verification", supervised by Prof. Ivan Lanese and Cinzia Di Giusto.

2024–2025 **Master in Ubiquitous Networking**, *Université Côte d'Azur*, Nice, France
Part of the Erasmus+ program.

2020–2023 **Bachelor in Computer Science**, *University of Bologna*, Italy
Final grade: 105/110. Thesis title: "ChorEr: a static analyzer to generate Choreography Automata from Erlang source code" (only in Italian), supervised by Prof. Ivan Lanese.

Published papers

Genovese, Gabriele, et al. "Choreographies for Program Understanding." International Conference on Formal Techniques for Distributed Objects, Components, and Systems. Cham: Springer Nature Switzerland, 2025.

Languages

Italian	Native speaker	
English	C1	*IELTS Score: 7*
French	A1	*Université Côte d'Azur*

Technical skills

Practical with several programming languages (C, Python, JavaScript, Erlang, Rust, Elixir, Go, Ocaml). Daily use of Linux and Git. Good coordination in a team project (Github). Manager of a self-hosted server (Docker, Proxmox, Ansible, CI/CD).

Other experience

Jul. 2025 **Participation in the Scottish Programming Languages and Verification Summer School 2025 (SPLV25)**

Dec. 2024	**Participation in the LauzHack hackaton in Lausanne, Switzerland**
Sept. 2024	**Participation in the Lipari Summer School on Abstract Interpretation**
2020–2021	**CyberChallange**, Participation of two editions of a cybersecurity training program organised by the Italian Cybersecurity National Lab, after passing a selection (10% passing rate).
2015–2019	**Summer English Camps**, Four two-weeks study holidays in different cities in England.

Personal interests

Volunteering, music, movies/series, videogames, books, guitar, traveling.
